## Character Reference Mr K. Bird.

To whom it may concern

I've known Kevin Bird for over 35, years, through school, college, and work. Kevin is the nicest and most honest person I have had the privilege to meet and will be greatly missed by my building company after 25 years service, and also the many customers he looked after over the years who have always appreciated and acknowledged his high standard of workmanship.

I wish him well in his future work and private life

Yours Sincerely

Mark
